ALASKA STATUTES

TITLE 18, CHAPTER 62

CERTIFICATES OF FITNESS

Sec. 18.62.010. Certificate of fitness required.

In connection with work performed subject to the standards established in AS 18.60.580 and AS 18.60.705, a person may not be employed without a certificate of fitness to perform the work, except that a certificate of fitness may not be required of employees of an electric utility that does not have within its service area any portion of a city or unified municipality having more than 2,500 population.

Sec. 18.62.020. Application for and issuance of certificate.

The department shall issue certificates of fitness and renewal certificates of fitness valid for two years. The certificate may be issued only to an individual. An applicant for a certificate shall apply in writing, under oath, on a form prescribed by the department containing

- (1) the name and address of the applicant;
- (2) the applicant's age;
- (3) the applicant's citizenship; and
- (4) other information relevant to licensing that the department requires.

Sec. 18.62.030. Fees.

(a) An applicant shall pay a nonrefundable application and examination fee of \$50 when applying for a trainee or journeyman level certificate of fitness. The department shall charge a biennial fee of \$200 for the issuance of a trainee or journeyman level certificate or a renewal certificate, to be prorated if issued for less than two years, and a fee of \$25 for the issuance of a duplicate certificate.

(b) Fees collected under (a) of this section shall be deposited into the building safety account created under AS 44.31.025.

Sec. 18.62.040. Duration of certificate.

The department may cancel a certificate for cause. A certificate, if not cancelled for cause, is valid for the term it was issued for. A certificate holder whose certificate is about to expire

may apply for a new certificate.

Sec. 18.62.050. Issuance and contents of certificate.

(a) If, upon investigation and examination by the department, the applicant is found competent by reason of training and experience, the department shall issue a certificate of fitness. The certificate shall set out the competency of the applicant and provide for positive identification of the applicant, and shall be carried on the person engaged in work subject to the requirement of a certificate of fitness under this chapter.

(b) *[Repealed, Sec. 23 ch 81 SLA 1984].*

(c) Verification by an Alaska-based labor union of a member's qualification to meet the requirements for a certificate of fitness may be accepted in lieu of examination or other requirement for issuing a certification under this chapter.

Sec. 18.62.060. Power of the department.

The department shall issue orders and adopt regulations necessary to carry out the purposes of this chapter.

Sec. 18.62.070. Persons required to obtain certificate.

A person engaged in one of the following trades shall first obtain from the department the appropriate certificate of fitness in that trade:

- (1) electrical wiring subject to the standards established in AS 18.60.580; and
- (2) plumbing subject to the uniform plumbing code; in this paragraph, "uniform plumbing code" means the minimum plumbing code adopted for the state under AS 18.60.705.

Sec. 18.62.080. Penalty

A person, either an employer or employee, who violates a provision of this chapter or of a regulation adopted under this chapter is guilty of a misdemeanor and, upon conviction, is punishable by a fine of not more than \$500.

Holder in Possession and Application for Certificate of Fitness

Section

105. Holder in possession.
110. Application for certificate of fitness.
115. Plumber and electrician examinations.
120. Appeal certificate of fitness denial.

8 AAC 90.105. Holder in possession.

(a) An individual engaged in the performance of work subject to the standards established in AS 18.60.580 and AS 18.60.705 shall have an appropriate certificate of fitness or a trainee certificate of fitness, except that an individual who has been certified by the Department of

Environmental Conservation under AS 46.30 and 18 AAC 74 to install septic systems may also install associated septic sewer piping from within two feet of a serviced structure to the septic system without a plumber restricted PU certificate of fitness. The certificate must be in the individual's possession when performing work in the trade.

(b) For purposes of AS 18.62.010, 18.62.070(1), and this section, work subject to the standards established in AS 18.60.580 does not include electrical maintenance within the limitations set out in 8 AAC 70.035. (Eff. 9/13/80, Register 75; am 6/14/84, Register 90; am 9/27/2008, Register 187; am 2/23/2011, Register 197)

As of Register 171 (October 2004), and acting under AS 44.62.125 (b)(6) and sec. 12, ch. 107, SLA 2004, the regulations attorney made technical changes to reflect the name change of the child support enforcement agency to the child support services agency made by sec. 1, ch. 107, SLA 2004.

8 AAC 90.115. Plumber and electrician examinations.

(a) Examinations for electrician journeymen, power lineman journeyman, residential wireman, plumber journeyman, plumber restricted PG, and plumber restricted PU are available by appointment at the offices of the division of Juneau, Anchorage, and Fairbanks.

(b) An applicant may request that an examination be given in a location that is not specified in (a) of this section by submitting a written request to the Anchorage office of the division. The department will conduct an examination in the requested location, if the department determines it can reasonably provide the resources to give the examination in that location.

(c) The minimum passing score for an examination given by the department under this section is 70 percent.

(d) A person who fails to pass the examination given by the department may not be reexamined until at least 30 days following the date of the failed examination. (Eff. 12/25/98, Register 148)

8 AAC 90.130. Plumber journeyman certificate of fitness

(a) A plumber journeyman certificate of fitness authorizes the holder of the certificate to perform work that is subject to the standards established in AS 18.60.705 and 8 AAC 63.010.

(b) A plumber journeyman certificate of fitness will be issued by the department upon payment of the applicable fees required by AS 18.62.030, if the applicant

- (1) passes an examination given by the department; and
- (2) submits one of the following:

(A) documented proof on a notarized form provided by the department, or by notarized statements on letterhead stationery from employers, that the applicant has a minimum of 8,000 hours of legally obtained work experience in work subject to standards established in AS 18.60.705 and 8 AAC 63.010; or

(B) a sworn affidavit from an official of an Alaska-based union, on a form provided by the department, that demonstrates that the applicant meets the experience requirements set out in (A) of this paragraph; the affidavit must specify

(i) the number of qualifying hours of experience the applicant claims for classification for which the applicant seeks certification;

(ii) the inclusive dates during which the hours claimed in (i) of this subparagraph were worked; and

(iii) the type of work performed and the name of each contractor for whom the work was performed.

(c) The department will count no more than

(1) 500 hours of plumber restricted PU work toward the work experience required in (b) of this section; or

(2) 2,000 hours of plumber restricted PG work toward the work experience required in (b) of this section.

(d) Classroom hours earned in a United States Department of Labor registered apprenticeship program or accredited educational training program in the plumbing field may be substituted for up to 1,000 hours of work experience required under (b) of this section. (Eff. 9/13/80, Register 75; am 12/25/98, Register 148; am 11/1/2000, Register 156; am 9/27/2008, Register 187; am 5/9/2018, Register 226)

8 AAC 90.135. Plumber restricted PG certificate of fitness.

(a) A plumber restricted PG certificate of fitness authorizes the holder of the certificate to install fuel and gas piping within property lines of the premises.

(b) A plumber restricted PG certificate of fitness will be issued by the department upon payment of the applicable fees required by AS 18.62.030, if the applicant

(1) submits documented proof of legally obtained experience on a notarized form provided by the department, or by notarized statements on letterhead stationery from

employers, that the applicant

(A) has worked for at least 2,000 hours installing fuel and gas piping within property lines of the premises; and

(B) has a minimum of 4,000 hours' work experience in plumbing work subject to the standards established in AS 18.60.705 and 8 AAC 63.010; or

(2) presents to the department, on a form provided by the department, a sworn affidavit from an official of an Alaska-based union that demonstrates that the applicant meets the work experience requirements set out in (1) of this subsection, and passes an examination given by the department; the affidavit must specify

(A) the number of qualifying hours' experience the applicant claims for the classification for which the applicant seeks certification; apprenticeship hours must be noted if apprenticeship hours are being used for qualification;

(B) the inclusive dates during which the hours claimed in (A) of this paragraph were worked; and

(C) the type of work performed and the name of each contractor for whom the work has performed.

(c) An accredited apprenticeship classroom program or educational training in the plumbing field may be substituted for up to 500 hours' work experience in work that is subject to the standards established in AS 18.60.705 and 8 AAC 63.010. 8 AAC 90.137. Plumber restricted PU certificate of fitness.

(a) A plumber restricted PU certificate of fitness authorizes the holder of the certificate to install

(1) water service piping from the street, right-of-way main, water well, or storage tank to the first stop valve of the serviced structure or other point of use or distribution on the serviced property;

(2) building sewer piping from within two feet of a serviced structure to a public sewer, private sewer, private sewage disposal system, or other point of disposal; and

(3) building storm drains that receive the discharge of roof drains, leaders, downspouts, or conductors, if the storm drains are installed from within two feet of a

commercial structure, or from within two feet of a residential structure of four or more dwelling units, to the street, the right-of-way main line, or a point of disposal approved by the federal, state, or local agency having jurisdiction.

(b) A plumber restricted PU certificate of fitness will be issued by the department upon payment of the applicable fees required by AS 18.62.030 , if the applicant

(1) submits documented proof of legally obtained experience on a notarized form provided by the department, or by notarized statement on letterhead stationery from employers, that the applicant has worked for at least 1,000 hours installing water, sewer, or storm lines subject to the standards established in AS 18.60.705 and 8 AAC 63.010, and passes an examination given by the department; or

(A) presents to the department, on a form provided by the department, a sworn affidavit from an official of an Alaska-based union that demonstrates that the applicant meets the work experience requirements set out in (1) of this subsection, and passes an examination given by the department; the affidavit must specify the number of qualifying hours' experience the applicant claims for the classification for which the applicant seeks certification; apprenticeship hours must be noted if apprenticeship hours are being used for qualification;

(B) the inclusive dates during which the hours claimed in (A) of this paragraph were worked; and

(C) the type of work performed and the name of each contractor for whom the work was performed.

(c) An accredited apprenticeship classroom program or educational training in the plumbing field may be substituted for up to 125 hours' work experience in work that is subject to the standards established in AS 18.60.705 and 8 AAC 63.010.

8 AAC 90.140. Plumber trainee certificate of fitness.

(a) A trainee certificate of fitness authorizes the holder to perform work subject to the standards established in AS 18.60.705 and performed under the conditions set out under this section.

(b) The department will issue a trainee certificate of fitness upon payment of the applicable fees required by AS 18.62.030 , if the applicant

(1) submits documented proof of indenture in an apprentice plumber program accredited by the United States Department of Labor, Bureau of Apprenticeship and Training;

(2) repealed 6/14/2006.

(c) The ratio of individuals working under trainee certificates on a job site may not be more than two plumber trainees for every certified plumber journeyman.

(d) If the holder of a plumber trainee certificate of fitness leaves the apprentice plumber program in which the trainee is indentured, the trainee shall surrender the certificate to the mechanical inspection section of the department or to the apprentice plumber program in which the trainee is indentured. The department will maintain the surrendered certificate of fitness until the date the certificate would normally expire, during which time the certificate will be returned at no additional charge to the trainee if the trainee is again properly indentured in an apprentice plumber program as described in (b)(1) of this section. If the trainee is not again indentured within the term of the surrendered certificate, the trainee must apply to renew the certificate under 8 AAC 90.180(c) and pay the required fee in order to work again under a trainee certificate. (Eff. 9/13/80, Register 75; am 6/14/84, Register 90; am 12/25/98, Register 148; am 9/25/2002, Register 163; am 12/6/2003, Register 168; am 6/14/2006, Register 178; am 9/27/2008, Register 187)

8 AAC 90.145. Plumber utility trainee certificate of fitness.

(a) A trainee certificate of fitness authorizes the holder to perform work subject to the standards established in AS 18.60.705 and 8 AAC 90.137(a) performed under the conditions set out under this section. If the trainee's job requires the trainee to perform work subject to the standards of AS 18.60.705 and beyond the limits of the plumber utility specialist, the trainee must be licensed subject to the requirements of 8 AAC 90.140.

(b) The department will issue a trainee certificate of fitness upon payment of the applicable fees required by AS 18.62.030, if the applicant submits a notarized letter from the applicant's employer on company letterhead stating that the

(1) trainee will be under the direct supervision of a journeyman plumber or a restricted plumber PU certificate of fitness holder at all times while performing to the code; and

(2) trainee's activities will be limited exclusively to the functions outlined in 8 AAC 90.137 while performing the functions of a plumber utility specialist.

(c) The ratio of individuals working under trainee certificates on a job site may not be more than two plumber utility trainees for every certified plumber journeyman.

(d) If the holder of a plumber utility trainee certificate of fitness leaves the employment of the employer providing the letter required in (b) of this section, the trainee shall surrender the certificate to the mechanical inspection section of the department or to their employer who will transmit the certificate to the mechanical inspection section of the department. The department will maintain the surrendered certificate of fitness until the date the certificate would normally expire, during which time the certificate will be returned at no additional charge to the trainee if the trainee is again properly employed as an apprentice plumber utility trainee as described in (b)(1) of this section. If the trainee is not again reemployed within the term of the surrendered certificate, the trainee must apply to renew the certificate under 8 AAC 90.180(c) and pay the required fee in order to work again under a trainee certificate. 8 AAC 90.165. Electrician and power lineman trainee certificates of fitness.

(a) A trainee certificate of fitness authorizes the holder to perform work subject to the standards established in AS 18.60.580 and performed under the conditions set out under this section.

(1) The department will issue a trainee certificate of fitness upon payment of the applicable fees required by AS 18.62.030, if the applicant submits documented proof of indenture in an apprentice electrician program accredited by the United States Department of Labor, Bureau of Apprenticeship and Training;

(2) repealed 6/14/2006.

(b) The ratio of individuals working under trainee certificates on a job site may not be more than two electrician trainees for every certified electrician journeyman or residential wireman, as applicable, or two power lineman trainees for every certified power lineman journeyman.

(c) Notwithstanding (a) - (c) of this section, a person holding a power lineman journeyman certificate of fitness may work as a trainee on a project within the scope of the *National Electrical Code* established in AS 18.60.580 and 8 AAC 70.025(a), a person holding a residential wireman certificate of fitness may work as a trainee on a project within the scope of the *National Electrical Safety Code* established in AS 18.60.580 and 8 AAC 70.025(b), and on a project within the scope of the *National Electrical Code* that is outside the scope of a residential wireman, and a person holding an electrical journeyman certificate of fitness may work as a trainee on a project within the scope of the *National Electrical Safety Code*.

(d) If the holder of an electrician trainee or a power lineman trainee certificate of fitness leaves the apprentice electrician program in which the trainee is indentured, the trainee shall surrender the certificate to the mechanical inspection section of the department or to the apprentice electrician program in which the trainee is indentured. The department will maintain the surrendered certificate of fitness until the date the certificate would normally expire, during which time the certificate will be returned at no additional charge to the trainee if the trainee is again properly indentured in an apprentice electrician program as described in (b)(1) of this section. If the trainee is not again indentured within the term of the surrendered certificate, the trainee must apply to renew the certificate under 8 AAC 90.180(c) and pay the required fee in order to work again under a trainee certificate. - 186. Hearing on cancellation of certificate of fitness.
- 187. Decision from hearing on cancellation of certificate of fitness.
- 190. Appeal of denial of renewal or cease work order.

8 AAC 90.180. Renewal of certificate of fitness.

- (a) The department will mail a notice of renewal to each certificate of fitness card holder's address currently on file, prior to the expiration date of the certificate.
- (b) Except as provided in 8 AAC 90.192 - 8 AAC 90.200, the department will renew a standard certificate of fitness without reexamination if the certificate holder
 - (1) requests renewal of the certificate of fitness within 90 days before or after the expiration of the certificate and pays the applicable biennial fee required under AS 18.62.030; or
 - (2) requests renewal of the certificate within two years after the expiration date of the certificate and pays the applicable fees required under AS 18.62.030.
- (c) A trainee certificate of fitness will be renewed if the certificate holder
 - (1) requests renewal of the certificate of fitness;
 - (2) submits evidence of indenture or
 - (A) for a plumber trainee certificate of fitness, submits documented proof on the applicant's current employer's letterhead stationery or by a notarized letter from the applicant's current employer that the applicant is employed as a trainee in plumbing work subject to standards established in AS 18.60.705 and 8 AAC 63.010, and continues to be indentured in an apprenticeship program approved by the United States Department of Labor, Bureau of Apprenticeship and Training, and that the applicant is performing work under the direct supervision of a certified plumber journeyman who is on the same job site as the trainee during the entire working day and who is directly responsible for the competency of the work performed by the trainee;
 - (B) for an electrician or power lineman trainee certificate of fitness, submits

documented proof on the applicant's current employer's letterhead stationery or a notarized letter from the applicant's current employer that the applicant is employed as a trainee in electrical work subject to standards established in AS 18.60.580 and 8 AAC 70.025, and continues to be indentured in an apprenticeship program approved by the United States Department of Labor, Bureau of Apprenticeship and Training, and that the applicant is performing work under the direct supervision of a certified electrician journeyman who is on the same job site as the trainee during the entire working day and who is directly responsible for the competency of the work performed by the trainee; and

(3) pays the applicable biennial fee required under AS 18.62.030.

(d) The certificate of fitness becomes invalid as of the date of expiration for purposes of performing work subject to AS 18.60.580 or 18.60.705. (Eff. 9/13/80, Register 75; am 6/14/84, Register 90; am 12/25/98, Register 148; am 9/25/2002, Register 163; am 6/14/2006, Register 178)

8 AAC 90.185. Cancellation of certificate of fitness.

(a) The department will, in its discretion, cancel a certificate of fitness upon a finding that the certificate holder

(1) falsified information furnished to the department on an application for a certificate of fitness; or

(2) violated a cease and desist order issued by the department; or

(3) has a history of performing substandard work to the extent that the public's best interest is jeopardized.

(b) If, after an investigation, the department finds that a violation described in (a) of this section has occurred, the department will notify the certificate holder by personal service or certified mail of its findings regarding the violation and its intention to cancel the certificate of fitness. The certificate holder has 20 days from the date of personal service or certified mailing of the notice of intent to cancel the certificate to request a hearing. The department's findings are final if the certificate holder does not timely request a hearing without good cause. The certificate holder must provide, in writing, the reasons why the certificate should not be cancelled and a summary of the facts opposing a cancellation. For the purposes of this subsection, "good cause" means

(1) a circumstance beyond the certificate holder's control that prevents the certificate holder from submitting a timely request for a hearing; or

(2) any other circumstance as determined on an individual basis by the director.

(c) A person whose certificate of fitness has been cancelled may, beginning 90 days after the certification was cancelled, apply for and at the discretion of the director, obtain a new certificate after passing an examination given by the department and payment of the applicable fees required by AS 18.62.030. 8 AAC 90.186. Hearing on cancellation of certificate of fitness.

(a) A respondent may be represented by counsel. If counsel for a party notifies the division, in writing, that counsel is appearing in the matter on behalf of the party, service of notices, memoranda, recommendations, or other documents, will be considered sufficient if made on the party or counsel or both.

(b) The division will give notice to the respondent of the time and place of the hearing on an alleged violation under 8 AAC 90.185 by certified mail or by personal service at least 15 days before the hearing. The notice will contain a summary of investigative findings that will be considered at the hearing. Service to the current address a respondent has provided to the division for a certificate of fitness shall be considered valid service.

(c) The location of any oral hearing will be designated by the division considering the convenience of all persons involved. All hearings are public.

(d) The director will designate a hearing officer to preside over the hearing and to make findings of fact and conclusions of law to be used as a basis for the director's decision.

(e) The hearing officer has full authority to control the procedure of the hearing and to rule on all motions and objections.

(f) The hearing officer may admit any relevant evidence, regardless of the existence of any common law or statutory or court rule which might make the admission of the evidence over objection improper in civil actions, if it is evidence on which responsible persons are accustomed to rely in the conduct of serious affairs. Hearsay evidence may be used for the purpose of supplementing or explaining any direct evidence, but will not be sufficient in itself to support a finding unless it would be admissible over objection in civil actions. The hearing officer may issue subpoenas at the request of either party or on the hearing officer's own motion.

(g) Evidence must be given under oath or affirmation. If an oral hearing is held, a record of the proceedings will be kept.

(h) The hearing officer, respondent, and complainant may

- (1) call and examine witnesses;
 - (2) cross-examine opposing witnesses on any matter relevant to the issue at hand, even if that matter was not covered in direct examination; and
 - (3) introduce exhibits.
- (i) If the respondent does not testify on the respondent's own behalf, the respondent may be called and examined as if under cross-examination.
 - (j) The hearing officer may, for good cause shown, continue a hearing from day to day or recess it to a later date or to a different place by announcement at the hearing or by notice.
 - (k) The department has the burden of proving that the alleged violations have occurred. The standard of proof required is by a preponderance of the evidence. (Eff. 12/25/98, Register 148)

8 AAC 90.187. Decision from hearing on cancellation of certificate of fitness.

- (a) The hearing officer will prepare a written recommendation to the director containing findings of fact and conclusions of law. A copy of the recommendations will be mailed or otherwise delivered to the respondent and to the complainant, if any. The director may accept the recommendations, in part or in whole, or may remand the matter for further hearing. The director must act upon the hearing officer's recommendation and render a decision within 30 days of receiving the recommendation from the hearing officer.
- (b) Upon making a decision, the director will serve it upon the respondent and complainant, if any, by personal service or certified mail.
- (c) A person whose certificate of fitness has been cancelled shall return the certificate to the director within 30 days after the date of personal service or the certified mailing of the decision that the person's certificate has been cancelled. (Eff. 12/25/98, Register 148)

- (a) A denial of a request to renew a certificate for failure to meet the requirements of 8 AAC 90.180, or a notice under 8 AAC 90.205(c) to cease work, are final unless the person affected files an appeal with the commissioner within 30 days after receipt of the notice of denial of renewal or to cease work. The appeal must be in writing and must include

(1) a specification of objections to the department's findings, and a concise summary of facts in support of each objection; and

(2) a description of the relief sought.

(a) The commissioner's decision will be based upon the department's record, including the written appeal, and will state the facts relied upon by the commissioner in deciding the matter.

(b) The commissioner will, in his or her discretion, hold a hearing on the appeal to supplement the record where clarification or additional facts are necessary for a proper resolution of the appeal.

(c) A hearing held under this section will be conducted in accordance with AS 44.62.330 - 44.62.640 in the Administrative Procedure Act, except that the director or the director's designee shall act as the hearing officer.

(d) Within 30 days after the hearing, a copy of the decision will be sent to the appellant. Within 30 days after the decision is issued, the appellant may appeal to the superior court.

8 AAC 90.192. Hours of continuing education for plumber journeyman and electrician journeyman certificate of fitness.

(a) Before a plumber journeyman or electrician journeyman certificate of fitness is renewed under 8 AAC 90.180, the certificate holder must provide proof on a form provided by

the department that the continuing education requirements set out in this section have been met. To be considered by the department for the current renewal period, the continuing education must have been taken during the 24-month period before the request for renewal of the certificate is made.

(b) An applicant for renewal of an electrician journeyman certificate of fitness must satisfactorily complete within the preceding 24-month period at least 16 hours of continuing education workshops, formal correspondence programs, individual study programs, or a combination approved by the department. At least eight hours must cover significant changes or updates to the National Electrical Code, as adopted by AS 18.60.580 and 8 AAC 70.025, and no more than eight hours may be industry related.

(c) An applicant for renewal of plumber journeyman certificate of fitness must satisfactorily complete within the preceding 24-month period at least 16 hours of continuing education workshops, formal correspondence programs, individual study programs, or a combination approved by the department. At least eight hours must include a comprehensive, general code course to the Uniform Plumbing Code, as adopted by AS 18.60.705 and 8 AAC 63.010, and no more than eight hours may be industry related.

(d) An authorized provider of a course of instruction may use that course for credit towards renewal of the provider's certificate of fitness if the course was presented within the 24-month period before application for renewal.

(e) For the purposes of this section, "industry related"

(1) for an electrician journeyman means continuing education related to the electrical journeyman trade as defined in 8 AAC 90.900;

(2) does not include management skills or techniques, such as general construction industry safety, first aid, planning, scheduling, supervision, designing, estimating, or marketing and sales. Section

890. Work legally performed and experience legally obtained.

900. Definitions.

8 AAC 90.890. Work legally performed and experience legally obtained.

For purposes of compliance with a minimum work or experience requirement in this chapter, work is legally performed, and experience is legally obtained while performing work, if the work is performed

- (1) for a contractor with a current, valid license, registration, certificate, or other credential required for practice of the contractor's trade or profession by the law of the state in which the work is performed, and if the work is performed in the state in which the contractor is licensed, registered, certificated, or otherwise credentialed; if the work is performed in a state that does not require a license, registration, certificate, or other credential for practice of the contractor's trade or profession, the department will consider documented work or experience to be in compliance with this paragraph;
- (2) under the direct supervision of a journeyman tradesperson; and
- (3) in compliance with the laws of the state in which the work is performed. (Eff. 9/27/2008, Register 187; am 3/6/2016, Register 217)
