AKOSH Program Directive 01-10

Date: April 3, 2001
To: Distribution List
From: Richard A. Mastriano, Director
Subject: **AKOSH Program Directive 94-5, Focused Inspections in Construction - Cancelled**

It has been brought to our attention that there is a conflict between AKOSH PD 94-5, Focused Inspections in Construction, and Alaska's Five Year Strategic Plan.

The Alaska Five Year Strategic Plan identifies Construction as one of the high hazard industries in Alaska. Since entering into the Five Year Strategic Plan with OSHA in 1999, AKOSH now performs comprehensive inspections on construction projects. This activity is in conflict with the narrowly focused issues addressed in PD 94-5.

This program directive becomes effective immediately. Please ensure that all members of your staff receive PD 01-10, this program directive, and understand how to implement it.
