#### The CARES Act and fraud

Alaska Department of Labor and Workforce Development takes fraudulent activities to collect UI benefits seriously. The CARES Act expressly states that if an individual obtains benefits through fraud, the individual is ineligible for any additional benefit payments, must re-pay the benefits and is subject to criminal prosecution. DOLWD will vigorously pursue all fraudulent activities to the fullest extent of the law.

If an individual refuses an offer of work because unemployment insurance pays more than their weekly wage, is asking to be laid off, or requests to have their hours reduced so they can collect UI benefits, the individual must report these activities for fraud.

Employers may send the information to the Department of Labor and Workforce Development by email at [uifraud@alaska.gov](mailto:uifraud@alaska.gov).

- Business name,
- Contact information,
- Individual's first and last name,
- Last four of the individual's social security number if available and
- A brief description of the activity.

A representative will contact the business for additional information
