DECISION AND ORDER 90-7

On January 1, 1985, this Agency certified the Alaska Public Employees Association (APEA) as exclusive bargaining representative of certain white collar employees of the City of Fairbanks known as the General Government Unit (GGU). On May 16th, 1990, the parties jointly filed a petition requesting that the APEA General Government unit be clarified by the adding to the General Government Unit, the position of Legal Secretary.

A notice of Petition was posted on May 30, 1990. No objections or interventions were received by the Agency. The Agency has reviewed the petition and finds the reasoning for the request to be proper. Therefore the Agency concludes that this Unit Clarification is appropriate.

ORDER

Based upon the foregoing Findings of Fact and Conclusions of Law, the Agency orders and decides that the APEA General Government Unit shall be clarified by the addition of the positions of Legal Secretary.

Signed this 21st day of June, 1990.
