RE: CHASE Gold Approval

Dear Daniel Hacker,

I am pleased to approve of H5 Construction, LLC., to the Alaska Occupational Safety and Health (AKOSH) Construction Health and Safety Excellence Program (CHASE).

H5 Construction, LLC., has been working with our AKOSH Consultation and Training section to improve occupational safety and health conditions for your employees. H5 Construction, LLC., was accepted into the Alaska Construction Health and Safety Excellence Program in 2020 for five years. Our consultants have conducted numerous comprehensive safety and health evaluations throughout this period and verified that the company meets the CHASE Gold eligibility criteria. From the beginning, you have exhibited commitment and hard work toward this goal, and the recommendations our consultants made were received freely and implemented to the effect of enhancing your program. We congratulate you on the positive attitude related to safety and health exhibited by you and your employees.

Your CHASE Gold approval shows the strength of your commitment to having a safe and healthy workplace. Your ongoing work to continually improve your safety and health program demonstrates this commitment. You are a role model for others. We encourage you to take the opportunity to share what you have learned with other employers to assist them in growing their safety culture as well.

Participation in CHASE does not, of course, diminish any of the rights and responsibilities provided to you and your employees by the Occupational Safety and Health Act of 1970. Although your company will be placed on a lower priority general scheduled inspection list for enforcement from the date of this letter, employees' complaints, fatalities or catastrophes, and

significant chemical leaks or spills at your site will still result in normal AKOSH enforcement activities.

If you have questions or need assistance, Brad Buechner of the Anchorage OSH office is your contact person. He can be reached at (907) 269-4953. By March 1st of each year, please send him a copy of the log summary which includes the injury and illness numbers and rates, the total hours worked, and the average annual employment. Also include documentation as set forth in the CHASE Partnership Program Manual Section I.7 to:

Bradley Buechner
CHASE Coordinator
Alaska Department of Labor & Workforce Development
Division of Labor Standards & Safety
Occupational Safety and Health
1251 Muldoon Road Suite 109
Anchorage, AK 99504

Brad Buechner will be working with your staff on specifics for CHASE certificate delivery.

Congratulations on your hard work and dedication to the principles embodied in CHASE. I wish you and your employees continued success in your safety and health efforts.

Sincerely,
