Anchorage, AK 99507

RE: CHASE Blue Approval

Dear Mr. Dial,

I am pleased to approve Rain Proof Roofing, Inc. for the Alaska Occupational Safety and Health (AKOSH) Construction Health and Safety Excellence Program (CHASE).

Rain Proof Roofing has successfully worked with our AKOSH Consultation and Training section to improve occupational safety and health conditions for your employees. On February 5, 2026 the site was accepted into the Alaska Construction Health and Safety Excellence Program for five years. Our consultants conducted a comprehensive safety and health evaluation on December 4, 2025, and verified that the site meets the CHASE Blue eligibility criteria. From the beginning, you have exhibited commitment and hard work toward this goal, and the recommendations our consultants made were received freely and implemented to the effect of enhancing your program. We congratulate you on the positive attitude related to safety and health exhibited by you and your employees.

Your CHASE Blue approval shows the strength of your commitment to having a safe and healthy workplace. Your ongoing work to continually improve your safety and health program demonstrates this commitment. You are a role model for others and a leader in your industry. We encourage you to take the opportunity to share what you have learned with other employers to assist them in growing their safety culture as well.

Participation in CHASE does not, of course, diminish any of the rights and responsibilities provided to you and your employees by the Occupational Safety and Health Act of 1970. Although your company will be placed on a lower-priority general scheduled inspection list for enforcement effective as of the date of this letter, employee complaints, fatalities or catastrophes, and significant chemical leaks or spills at your site will still trigger normal AKOSH enforcement activities.

If you have questions or need assistance, Brad Buechner at the Anchorage OSH office is your point of contact. He can be reached at (907) 269-4953. By March 1<sup>st</sup> of each year, please send him a copy of the log summary, which includes injury and illness numbers and rates, total hours worked, and average annual employment. Also include documentation as set forth in the CHASE Partnership Program Manual section I.7 to:

Bradley Buechner  
CHASE Coordinator  
Alaska Department of Labor & Workforce Development  
Division of Labor Standards & Safety  
Occupational Safety and Health  
1251 Muldoon Road, Suite 109  
Anchorage, AK 99504

Brad Buechner will be working with your staff on specifics for the CHASE certificate delivery.

Congratulations for your hard work and dedication to the principles embodied in CHASE. I wish you and your employees continued success in your safety and health efforts.

Sincerely,

A handwritten signature in black ink that reads "Catherine Muñoz". The signature is written in a cursive, flowing style.

Catherine Muñoz  
Commissioner
