## I. Introduction

### History

Alaska's original state plan for industrial safety and health was submitted to the U.S. Secretary of Labor for approval on December 8, 1972. The Alaska Legislature enacted legislation in 1973 to bring the safety division, statutes, and regulations into conformity with the OSHA Act of 1970. The Alaska Occupational Safety and Health Statutes, AS 18.60.010 – 105, became effective on July 24, 1973. Alaska completed the development steps required under Section 18(b) of the Act on or before October 1, 1976, and received 18(e) certification on September 13, 1977. The State Plan received 18(e) final approval by the U.S. Department of Labor on September 28, 1984.

This combined Report (FFY25) outlines our progress towards accomplishing the goals of the FY25 Annual Performance Plan agreed to by AKOSH and OSHA and its impact on the progress toward accomplishing the goals set down in the Five-Year Strategic Plan as well as a summary of the results of the FY24 – FY28 Strategic Plan. These plans are intended to be comprehensive in scope, replacing the federal/AKOSH comparison method formally used by OSHA to measure our effectiveness.

AKOSH will develop an annual performance plan with Federal OSHA for each year of the Five-Year Strategic Plan. The performance measures outlined in these plans are results-oriented. However, statistical analysis of the identified specific performance measures will also be used to determine if the activities included in the plans had a positive impact on the performance goal of reducing the number of injuries and illnesses in the workplace.

### Mission

The primary mission of the AKOSH program is to work in partnership with Alaskan workers and employers toward eliminating workplace injuries, illnesses, and workplace fatalities. However, the location, geography, and demography of the state results in work sites and practices that are unique to Alaska. As a result, the State of Alaska administers its own occupational safety and health program because we are more able to respond quickly to the unique needs and circumstances of our state.

### Organization

The Alaska Occupational Safety and Health Program is located in the Alaska Department of Labor and Workforce Development, Division of Labor Standards and Safety. Commissioner Cathy Muñoz heads the Department. Director Tanya Keith heads the Labor Standards and Safety Division, which is divided into two sections: Enforcement and Consultation and Training. The Enforcement section has the Chief of Enforcement who supervises one Occupational Health and Safety (OHS) Analyst, 5 Industrial Hygienist (IH) positions, 6 Safety & Compliance officer positions, one (1) Whistleblower Investigator 3, and one (1) Project Assistant who supervises two (2) Office Assistant II positions. The Consultation and Training section has the Chief of Consultation and Training who supervises one (1) OHS Analyst, three (3) IH positions, 7 Safety & Compliance consultant positions, and one (1) Office Assistant II position.

## II. Summary of Results Related to Annual Performance Plan for Both 21(d) and 23(g) Grants.

### AKOSH Five Year Strategic Goal 1:

Improve workplace safety and health in both the public and private sectors as evidenced by a reduction in the rate of injuries, illnesses, and fatalities through AKOSH enforcement and consultation and training programs activities.

<b>Strategic Performance Goal # 1.1</b>	Reduce the rate of workplace fatalities per 100,000 employees within AKOSH jurisdiction by at least 10% by the end of FFY 2028 (five-year total).
<b>Strategy</b>	<ul style="list-style-type: none"> <li>Concentrate on the primary causes of fatalities and the industries where fatalities take place to include construction, healthcare, seafood processing and transportation and warehousing industries.</li> <li>Influence attitudes about workplace safety and health in Alaska through consultative outreach and training efforts to encourage employers to seek voluntary compliance measures, focusing on employers who have not received consultation services.</li> <li>Make safety and health information and materials easily accessible to employers and workers.</li> </ul>
<b>Performance Indicator(s)</b>	The annual and 5-year total number of workplace fatalities in AKOSH jurisdiction as compared to the average number of workplace fatalities under AKOSH jurisdiction for the previous 5-year period.
<b>Data Source(s)</b>	OIS fatality investigation counts
<b>Baseline</b>	1.0 fatality per 100,000 employees (5-year strategic plan baseline, no annual baseline)
<b>Comment</b>	The fatality rate in Alaska for fatalities caused by circumstances under the control of AKOSH is very low. The plan does not require year-by-year reductions. The overall goal is a 10% reduction in the rate of workplace fatalities over the 5-year baseline. AKOSH monitors the number of fatalities each year by industry and targets resources to the industrial categories where fatalities are occurring.

## 23(g) & 21(d) PROGRAM RESULTS

Quarter	# of Fatalities	Cause of Death	NAICS Industry
1 <sup>st</sup>	1	Crushed by	485410
2 <sup>nd</sup>	1	Random Act of Violence	713120
3 <sup>rd</sup>	1	Fall	238140
4 <sup>th</sup>	1	Electrocution	561790
<b>FY25 Total</b>	<b>4</b>		

### Fatalities List:

1<sup>st</sup> quarter fatality: event date 10/9/2024.

2<sup>nd</sup> quarter fatality: event date 1/15/2025. Multi-Employer fatality that AKOSH did an opening conference with, and it was discovered not to be AKOSH jurisdiction. AKOSH sent it to Federal OSHA.

3<sup>rd</sup> quarter fatality: event date 5/14/2025.

4<sup>th</sup> quarter fatality: event date 9/9/2025.

**Strategic Plan Period (FY24-28) Running Total # of Fatalities = 9**

**Strategic Plan Period (FY24-28) Target Rate = 0.9 / 100,000 Employees**

**Strategic Plan Period (FY19-28) Actual Rate** = to be determined at the end FY2028

**Comments:** None

<b>Annual Performance Goal #1.2</b>	Reduce the number of worker injuries and illnesses in the construction industry (NAICS 236-238990) by focusing compliance on fall prevention, respirable crystalline silica, trenching, and excavation safety.
<b>Strategy</b>	<ul style="list-style-type: none"> <li>Conduct enforcement inspections in the construction industry paying particular attention to worksites where “caught in or between”, “struck by” and “falling” incidents likely to happen.</li> <li>Conduct seminars, workshops, on-site consultation, and special programs in the construction industry.</li> <li>Target training and consultation visits towards employees and employers in the construction industry those activities most likely to experience “struck by”, “falling”, electrocution and trenching and excavation incidents.</li> </ul>
<b>Performance Indicator(s)</b>	<ul style="list-style-type: none"> <li>135 initiated enforcement inspections in construction industry and 115 private sector construction industry consultation and training visits,</li> <li>Number of seminars, workshops, on-site consultations, and special programs completed in construction industry.</li> </ul>
<b>Data Source(s)</b>	OIS

<b>Baseline</b>	Enforcement: 98 average inspections per year in the construction industry from FFY 2018 to 2022. Consultation and Training: 96 average consultation and training (C&T) visits for FFY 2022.
<b>Comment</b>	The target number of inspections and consultation and training visits in the construction industry will be increased each year of the FFY24-28 Strategic Plan. Enforcement – 5% increase from the baseline and Consultation and Training – by 35% from the baseline.

*Performance Strategy Outcomes:*

Enforcement		
	Quarter	# Inspections
<b>23(g)</b>	1 <sup>st</sup>	21
	2 <sup>nd</sup>	15
	3 <sup>rd</sup>	30
	4 <sup>th</sup>	20
	FY25 Total	86

  

Consultation				
	Quarter	# Visits	# Compliance Assistance	Total Affected
<b>21(d)</b>	1 <sup>st</sup>	32	33	33
	2 <sup>nd</sup>	18	18	18
	3 <sup>rd</sup>	37	38	38
	4 <sup>th</sup>	20	20	20
	FY25 Total	107	109	109

**Note:** Compliance assistance includes conferences & seminars, formal training, interpretations, and outreach assistance.

**FY25 Annual Target** = 135 Enforcement inspections and 115 private sector C&T visits in the construction industry.

**FY25 Actual Outcome** = 86 Enforcement inspections and 109 C&T visits.

**Comments:** AKOSH Enforcement did not meet its annual goal of 135 inspections in the construction industry. AKOSH Consultation and Training did not meet its annual goal of 115 visits in the construction industry.

<b>Annual Performance Goal # 1.3</b>	Reduce the number of worker injuries and illnesses in the healthcare industry (NAICS 621-624410) including assisted living facilities by focusing <u>compliance, consultation, and promotional efforts on the industry.</u>
--------------------------------------	---

<b>Strategy</b>	<ul style="list-style-type: none"> <li>Conduct scheduled inspections in the specified by healthcare LEP NAICS worksites by focusing on ergonomics, hazardous chemicals, inappropriate PPE, infectious agents, and workplace violence.</li> <li>Conduct seminars, workshops, on-site consultation, and special programs in the healthcare industry.</li> <li>Target training, education and consultation services toward employers who are most likely to experience workplace injuries in the healthcare industry.</li> </ul>
<b>Performance Indicator(s)</b>	<ul style="list-style-type: none"> <li>30 initiated enforcement inspections in the assisted living facilities and 40 C&amp;T visits in private sector in healthcare industry</li> <li>Number of seminars, workshops, on-site consultations, and special programs completed in the healthcare industry.</li> </ul>
<b>Data Source(s)</b>	OIS
<b>Baseline</b>	<p>Enforcement - 69 average enforcement inspections per year in the healthcare industry from FFY 2019 to 2022.</p> <p>Consultation and Training: 23(g) – 5 C&amp;T visits, 21(d) - 40 average C&amp;T visits for FFY 2021.</p>
<b>Comment</b>	The target number of inspections and consultation and training visits in the health care industry will be increased over the FFY24-28 Strategic Plan: enforcement – 17% increase from the baseline, Consultation and Training – by 87% from the baseline.

*Performance Strategy Outcomes:*

23(g)	Enforcement:		Consultation:		
	Quarter	# Inspections	# Visits	# Compliance Assistance	Total Affected
	1 <sup>st</sup>	11	0	0	0
	2 <sup>nd</sup>	0	4	4	4
	3 <sup>rd</sup>	3	3	3	3
	4 <sup>th</sup>	13	1	1	1
	FY25 Total	27	8	8	8

Consultation:

21(d)	Quarter	# Visits	# Compliance Assistance	Total Affected
	1 <sup>st</sup>	23	24	24
	2 <sup>nd</sup>	79	80	80
	3 <sup>rd</sup>	37	37	37
	4 <sup>th</sup>	1	1	1
	FY25 Total	140	142	142

**Note:** Compliance Assistance includes conferences & seminars, formal training, interpretation, and outreach assistance

**FY25 Annual Target** = 30 Enforcement inspections and 40 C&T visits in private sector in the healthcare industry.

**FY25 Actual Outcome** = 27 Enforcement inspections and 8 C&T visits in 23(g) and 140 visits in 21(d)

**Comments:** For FY 2025 Enforcement did not meet its annual goal in the healthcare industry. Consultation and Training has reduced the projected healthcare industry visits, considering the visit activity from FY2024. Despite this adjustment, the Chief of C&T anticipates AKOSH will exceed its goals for FY2026 due to the focus on the Local Emphasis Programs (LEPs) for Assisted Living Homes and Workplace Violence. These initiatives are expected to drive increased activity and engagement within the healthcare sector.

<b>Annual Performance Goal # 1.4</b>	Reduce the number of worker injuries and illnesses in the seafood processing industry sector (NAICS 31171-311712, 42446-424460, and 445220) by focusing compliance and promotional efforts on the industry.
<b>Strategy</b>	<ul style="list-style-type: none"> <li>Conduct scheduled inspections in seafood processing industry paying particular attention to worksites where “falling”, “caught in or between” and “pinch-point” (including amputation) incidents are most likely to happen.</li> <li>Focus consultation and outreach efforts on the causes of “falling”, “caught in or between”, and “pinch-point” (including amputation) incidents.</li> <li>Target training and consultations toward those activities most likely to experience “falling”, “caught in or between” and “pinch-point” (including amputation) incidents.</li> </ul>
<b>Performance Indicator(s)</b>	4 initiated enforcement inspections and 12 C&T private sector visits in the seafood processing industry.
<b>Data Source(s)</b>	OIS
<b>Baseline</b>	Enforcement: 11 average enforcement inspections in the seafood processing industry from FFY 2018 to 2022. Consultation and Training: 8 average C&T visits for FFY 2022.
<b>Comment</b>	The target number of inspections and consultation and training visits in the seafood processing industry will be increased over the FFY24-28 Strategic Plan: enforcement – 25% increase from the baseline, Consultation and Training – by 10% from the baseline.

#### *Performance Strategy Outcomes:*

##### Enforcement:

23(g)	Quarter	# Inspections
	1 <sup>st</sup>	1
	2 <sup>nd</sup>	4
	3 <sup>rd</sup>	4
	4 <sup>th</sup>	7
	FY25 Total	16

Quarter	# Visits	# Compliance Assistance	Total Affected
1 <sup>st</sup>	6	6	6
2 <sup>nd</sup>	0	0	0
3 <sup>rd</sup>	8	8	8
4 <sup>th</sup>	9	9	9
Total	23	23	23

**Note:** Compliance assistance includes conferences & seminars, formal training, interpretations, and outreach assistance

**FY25 Annual Target** = 4 Enforcement inspections and 12 C&T private sector visits in the seafood processing industry.

**FY25 Actual Outcome** = 16 Enforcement inspections and 23 C&T visits.

**Comments:** AKOSH Enforcement and C&T met their annual goals for the number of inspections and visits in the seafood processing industry.

<b>Annual Performance Goal # 1.5</b>	Reduce the number of worker injuries and illnesses in the transportation and warehousing industry sector (NAICS 481111-493190) by focusing compliance, consultation, and promotional efforts on the industry.
<b>Strategy</b>	<ul style="list-style-type: none"> <li>Conduct enforcement inspections in the transportation and warehousing industry paying particular attention to worksites where “struck by”, “slips, trips, and falls” and “falling objects” incidents are most likely to happen.</li> <li>Focus consultation and outreach efforts on the causes of “struck by”, “slips, trips, and falls”, and “falling objects” incidents.</li> <li>Target training and consultations toward those activities most likely to experience “struck by”, “slips, trips, and falls” and “falling objects” incidents.</li> </ul>
<b>Performance Indicator(s)</b>	10 initiated enforcement inspections, 2 C&T visits in public sector and 20 C&T visits in private sector in the transportation & warehousing industry.
<b>Data Source(s)</b>	OIS
<b>Baseline</b>	Enforcement: 15 enforcement inspections in the transportation and warehousing industry in FFY 2022. Consultation and Training: 23(g) – 5 visits, 21(d) - 20 C&T visits for FFY 2024
<b>Comment</b>	The target number of inspections in the transportation and warehousing industry will be increased each year of the FFY24-28 Strategic Plan. Consultation and Training – by 40% from the baseline.

*Performance Strategy Outcomes:*

23(g)	Enforcement:		Consultation:		
	Quarter	# Inspections	# Visits	# Compliance Assistance	Total Affected
	1 <sup>st</sup>	10	0	0	0
	2 <sup>nd</sup>	10	0	0	0
	3 <sup>rd</sup>	7	4	4	4
	4 <sup>th</sup>	5	1	1	1
	FY25 Total	31	5	5	5

  

21(d)	Consultation:			
	Quarter	# Visits	# Compliance Assistance	Total Affected
	1 <sup>st</sup>	1	1	1
	2 <sup>nd</sup>	0	0	0
	3 <sup>rd</sup>	4	4	4
	4 <sup>th</sup>	9	9	9
	FY25 Total	14	14	14

**Note:**

Compliance assistance includes conferences & seminars, formal training, interpretations, and outreach assistance

**FY25 Annual Target** = 10 Enforcement inspections, 2 C&T visits in the public sector, and 20 C&T visits in private sector in the warehousing and transportation industry.

**FY25 Actual Outcome** = 31 enforcement inspections and 5 C&T visit in 23(g) and 14 visits in 21(d).

**Comments:** AKOSH Enforcement met its annual goal for the number of inspections in the transportation and warehousing industry. AKOSH C&T met its annual projected goal for the number of visits in 23(g) but did not meet its goal in 21(d).

<b>Annual Performance Goal # 1.6a</b>	Initiate inspections of fatalities and catastrophes within one (1) working day and other reportable incidents of one (1) hospitalization within five (5) working days for 100% of occurrences.
<b>Strategy</b>	Initiate inspections of fatalities and catastrophes (incidents where three or more workers are hospitalized) within one (1) working day and where one or two workers are hospitalized within five (5) working days.
<b>Performance Indicator(s)</b>	<ul style="list-style-type: none"> <li>• 100% of FAT/CAT inspections initiated within one day for fatalities.</li> <li>• 100% of reportable incidents initiated within five working days.</li> </ul>
<b>Data Source(s)</b>	OIS Accident Investigation reports
<b>Baseline</b>	100% within time limits (FFY 2023)

<b>Comment</b>	<ul style="list-style-type: none"> <li>The threshold of three (3) or more hospitalizations meet the federal standards for a catastrophe, and the threshold of one to two hospitalizations meets state requirements.</li> <li>Investigations delayed due to limitations that exist in Alaska such as weather, lack of roads, and travel restrictions, will not be counted against the percentage. However, an investigation will be initiated as soon as conditions permit.</li> <li>Hospitalizations equate to an in-patient overnight stay of at least one night.</li> </ul>
----------------	---

*Performance Strategy Outcomes:*

Quarter	1 <sup>st</sup>	2 <sup>nd</sup>	3 <sup>rd</sup>	4 <sup>th</sup>	FY25 Totals	% Within Time Limits
<i>Fatalities:</i>						
Total # Fatalities:	1	1	1	1	4	
# Within 1 Day:	1	1	1	1	4	
% Within 1 Day:	100%	100%	100%	100%	100%	
<i>Catastrophes:</i>						
3 or more patients:	0	0	0	0	0	<b>96%</b>
# Within 1 Day:	0	0	0	0	0	
% Within 1 Day:	0%	0%	0%	0%	0%	
<i>Hospitalizations:</i>						
2 or less patients:	7	7	3	7	24	
# Within 5 Days*:	7	6	3	7	23	
% Within 5 Days*:	100%	86%	100%	100%	96%	

\*(Working days) - or meets requirement for delay.

\*In the 2nd quarter, the fatality was responded to in a timely manner; however, the 2 inspection numbers have different dates. The officer in that location made phone contact while waiting for a badged officer to do the inspection.

\*In the 2<sup>nd</sup> quarter, one of the hospitalizations was not responded to in a timely manner due to travel constraints.

\*In the 3rd quarter, the fatality was responded to in a timely manner. Reporting came in after hours on May 14, CSHO had contact with State Troopers on May 15, and due to travel constraints, arrived on site on May 16.

<b>Annual Performance Goal # 1.6b</b>	Initiate inquiries within five (5) working days or conduct inspections within 7 working days for 100% formal complaints.
<b>Strategy</b>	Initiate inspections within seven (7) working days on average or investigation within 7 working days of worker complaints.
<b>Performance Indicator(s)</b>	Percent of formal complaint inquiries initiated within five (5) working days and inspections within 7 working days on average.
<b>Data Source(s)</b>	OIS
<b>Baseline</b>	89% within time limits (FFY 2023)
<b>Comment</b>	Inspections will be initiated as soon as conditions permit; but, when necessarily delayed due to weather or other travel restrictions beyond AKOSH control, they will be excluded from this measure. AKOSH implemented use of RRI (Rapid Response Investigation) that allows AKOSH to successfully perform timely investigation based on the employer's report of a severe injury. The employer is to conduct its own investigation into the work-related incident and report its findings to AKOSH.

*Performance Strategy Outcomes:*

Quarter	1 <sup>st</sup>	2 <sup>nd</sup>	3 <sup>rd</sup>	4 <sup>th</sup>	FY25 Totals	% Within Time Limits
<i>Complaint Inquiries:</i>						
# Inquiries:	1	1	3	2	7	
# Within 5 Days:	1	1	3	1	6	
% Within 5 Days:	100%	100%	100%	50%	86%	<b>96%</b>
<i>Complaint Inspections: (On-site)</i>						
# Inspections:	25	21	22	29	97	
# Within 7 Days*:	25	21	21	27	94	
% Within 7 Days*:	100%	100%	95%	93%	97%	

\*(Working days) – or meets requirement for delay.

**Notes:** In the 3<sup>rd</sup> quarter AKOSH did not initiate an inspection in a timely manner due to travel constraints. In the 4<sup>th</sup> quarter AKOSH did not initiate an inquiry in a timely manner due to a new employee who was out due to being sick and then on planned leave after opening UPA. In 4<sup>th</sup> quarter AKOSH did not initiate inspections in a timely manner – 1 case due to travel constraints and the other due to management not being available during regular business hours.

**Comments:** Overall AKOSH Enforcement considers meeting its annual goal for timely response to address complaint via inquiries and inspections, for outliers that happen due to unforeseen circumstances and outside of AKOSH control.

<b>Annual Performance Goal # 1.6c</b>	Reduce the average days pending of whistleblower docketed cases by 50% and increase number of cases closed within 90 days by 25%
<b>Strategy</b>	<ul style="list-style-type: none"> <li>• Track the average days pending and dedicate one day a week to investigate the oldest case(s)</li> <li>• Quarterly analyze intake process for workflow improvement to strive for process efficiency.</li> <li>• Continue working with SOA Department of Law on merit cases transfer or closures</li> </ul>
<b>Performance Indicator(s)</b>	<ul style="list-style-type: none"> <li>• Reduction in average days pending by 50%</li> </ul>
<b>Data Source(s)</b>	Web IMIS, OIS, and report from Discrimination Investigator
<b>Baseline</b>	841 average days pending for FFY 2023 3.5% cases closed within 90 days for FFY 2023
<b>Comment</b>	None

*Performance Strategy Outcomes:*

	<i>Pending from 2022</i>	<b>1st Quarter</b>	<b>2nd quarter</b>	<b>3rd quarter</b>	<b>4th quarter</b>	<b>FY25 Total</b>
<b>WB Complaints Received</b>		31	13	17	24	85
<b>Complaints Admin Closed</b>		30	7	11	21	69
<b>Complaints Docketed</b>		4	5	4	7	20
<b>Completed Cases</b>		1	3	4	8	16
Dismissed		1	1	2	3	7
Withdrawn		0	0	0	1	1
Settled		0	1	1	3	5
Merit		0	1	1	1	3
<b>Average Days to Complete Completed within 90 days</b>	*	69*	104*	85*	88*	89*
		1	1	3	6	11
<b>Pending Cases</b>		3*	5*	5*	*	13*

**Notes:** \* This number reflects a running number (the most accurate value AKOSH had).

**Comments:** AKOSH met its annual goal to reduce the average days pending of whistleblower docketed cases.

<b>Annual Performance Goal # 1.6d</b>	Focus a minimum of 5% of AKOSH enforcement inspection resources toward public sector work sites.
<b>Strategy</b>	Conduct enforcement inspections of public sector employers
<b>Performance Indicator(s)</b>	16 initiated enforcement inspections in the public sector in comparison to the overall number of enforcement inspections conducted. (5% of overall projected from 23(g) Appendix D)
<b>Data Source(s)</b>	OIS
<b>Baseline</b>	8% or 24 enforcement inspections of the 297 total enforcement inspections conducted in public sector in FFY 2023.
<b>Comment</b>	None

*Performance Strategy Outcomes:*

<b>Year</b>	<b>Running Total % of public sector inspections</b>
<b>FY24</b>	17.6%
<b>FY25</b>	9.6%
<b>FY26</b>	to be determined at the end of FFY26
<b>FY27</b>	to be determined at the end of FFY27
<b>FY28</b>	to be determined at the end of FFY28
<b>Strategic Plan Period FY24-28</b>	to be determined at the end of FFY28

**Comments:** In FY25 AKOSH enforcement exceeded its projected percentage of initiated public sector inspections.

**AKOSH Five Year Strategic Goal 2:**

Promote a safety and health culture in the Alaskan workplace (both public and private sectors) through compliance assistance, cooperative programs, and consultation assistance.

<b>Annual Performance Goal # 2.1a</b>	Develop and deliver training to workers and employers in the construction industry that targets the most likely causes of injuries, illnesses, and fatalities. The combined annual goal for 2.1.a, 2.1.b, 2.1.c, 2.1.d and 2.1.e is to train at least 1,800 workers in construction, healthcare, seafood processing, transportation and warehousing industries and public sector.  <i>All-industrial Annual Goal: 23(g) – 250 workers trained, 21(d) – 1810 workers trained.</i>
---------------------------------------	--

<b>Strategy</b>	<ul style="list-style-type: none"> <li>• Develop and deliver training to workers and employers in the construction industry with emphasis on construction to include residential, commercial, and general industry,</li> <li>• Target outreach training and consultations towards those activities most likely to cause “caught in or between”, “struck by” or “falling” injuries or fatalities.</li> </ul>
<b>Performance Indicator(s)</b>	In 23(g) – 50 formal and informal events and number of employees trained. In 21(d) – 30 construction events and to train at least 500 workers in the construction.
<b>Data Source(s)</b>	OIS and Report from Chief of Consultation and Training
<b>Baseline</b>	2,349 workers trained in FY 2021 (all industrial categories combined)

<b>Annual Performance Goal # 2.1b</b>	Develop and deliver training to workers and employers in the healthcare industry that targets the most likely causes of injuries, illnesses, and fatalities. The combined annual goal for 2.1.a, 2.1.b, 2.1.c, 2.1.d and 2.1.e is to train at least 2,060 workers in construction, healthcare, seafood processing, transportation and warehousing industries, and public sector.  <i>All-industrial Annual Goal: 23(g) – 250 workers trained, 21(d) – 1,810 workers trained.</i>
<b>Strategy</b>	<ul style="list-style-type: none"> <li>• Develop and deliver training to workers and employers in healthcare industry.</li> <li>• Reduce the number of worker injuries and illnesses in healthcare industry by focusing compliance, consultation, and promotional efforts in the industry.</li> </ul>
<b>Performance Indicator(s)</b>	In 23(g) - 40 formal and informal training events conducted in the healthcare industry sector and number of employees trained. In 21(d) – 20 healthcare events and at least 450 workers trained.
<b>Data Source(s)</b>	OIS and Report from Chief of Consultation and Training
<b>Baseline</b>	2,349 workers trained in FY 2023 (all industrial categories combined)

<b>Annual Performance Goal # 2.1c</b>	There are no public sector seafood industries in Alaska. The combined annual goal for 2.1.a, 2.1.b, 2.1.c, 2.1.d, and 2.1.e is to train at least 250 workers in construction, healthcare, seafood processing, transportation and warehousing, and public sector.
<b>Annual Performance Goal # 2.1d</b>	Develop and deliver training to workers and employers in the transportation and warehousing industry that targets the most likely causes of injuries, illnesses, and fatalities. The combined annual goal for 2.1.a, 2.1.b, 2.1.c, 2.1.d and 2.1.e is to train at least 2,060 workers in construction, healthcare, seafood processing, transportation and warehousing industries, and public sector.

<b>Performance Indicator(s)</b>	In 23(g) – 40 formal and informal training events and number of employees trained. In 21(d) - 5 formal and informal training events and at least 50 employees trained.
<b>Data Source(s)</b>	OIS and Report from Chief of Consultation and Training.
<b>Baseline</b>	2,349 workers trained in FY 2023 (all industrial categories combined)

<b>Annual Performance Goal # 2.1d</b>	Develop and deliver training to workers and employers in the seafood processing industry that targets the most likely causes of injuries, illnesses, and fatalities. The combined annual goal for 2.1.a, 2.1.b, 2.1.c, 2.1.d and 2.1.e is to train at least 2,060 workers in construction, healthcare, seafood processing, transportation and warehousing industries and public sector.  <i>All-industrial Annual Goal: 23(g) – 250 workers trained, 21(d) – 1,810 workers</i>
<b>Strategy</b>	<ul style="list-style-type: none"> <li>• Develop and deliver training to workers and employers in seafood</li> <li>• Target outreach training and consultations for seafood sector.</li> </ul>
<b>Performance Indicator(s)</b>	In 21(d) – 6 construction events and to train at least 80 employees trained.
<b>Data Source(s)</b>	OIS and Report from Chief of Consultation and Training.
<b>Baseline</b>	2,349 workers trained in FY 2023 (all industrial categories combined)

<b>Annual Performance Goal # 2.1e</b>	Develop and deliver training to workers and employers in the public sector that target the most likely causes of injuries, illnesses, and fatalities. The combined annual goal for 2.1.a, 2.1.b, 2.1.c, 2.1.d and 2.1.e is to train at least 2,060 workers in construction, healthcare, seafood processing, transportation and warehousing industries and public sector.  <i>All-industrial Annual Goal: 23(g) – 250 workers trained, 21(d) – 1,810 workers trained.</i>
<b>Strategy</b>	<ul style="list-style-type: none"> <li>• Develop and deliver training to workers and employers in public sector.</li> <li>• Target outreach training and consultations for public sector.</li> </ul>
<b>Performance Indicator(s)</b>	In 23(g) – 40 formal and informal training events conducted in the public sector and number of employees trained.
<b>Data Source(s)</b>	OIS and Report from Chief of Consultation and Training.
<b>Baseline</b>	2,349 workers trained in FY 2023 (all industrial categories combined)

*Performance Strategy Outcomes:***# Training Events\*:**

Qtr.	# Formal/Informal Training Events in Construction	# Formal/Informal Training Events in Healthcare	# Formal/Informal Training Events in Seafood Processing	# Formal/Informal Training Events in Transportation and Warehousing

<b>Totals</b>	<b>220</b>	<b>2931</b>	<b>702</b>	<b>617</b>	<b>9262</b>

**Comments:** AKOSH C&T met its annual goals for the number of training events and employees trained in the emphasis industries and overall including public sector.

<b>Annual Performance Goal # 2.2a</b>	Promote cooperative/partnership agreements and recognition programs as a means of lowering accident/fatality rates: maintain at least 7 VPP sites (both in public and private sector) over the course of the strategic plan
<b>Strategy</b>	<ul style="list-style-type: none"> <li>• VPP is operated under the Consultation and Training section.</li> <li>• Consultation Program Manager (CPM) and VPP Coordinator are the main points of contact for the program.</li> <li>• Each VPP site will receive a full-site visit conducted by VPP team that consists of four consultants. Each team member will contribute by writing different portions of VPP-site visit reports.</li> <li>• Promote the benefits of the program during enforcement inspections or consultation visits.</li> <li>• CPM and VPP coordinator will attend regional and national conferences.</li> <li>• Conduct promotional activities at a minimum of 2 (two) industry trade fairs and conferences during FFY 2025.</li> <li>• Target promotional activity towards those businesses most likely to participate.</li> </ul>

<b>Performance Indicator(s)</b>	<ul style="list-style-type: none"> <li>Conduct promotional activities at a minimum of two (2) industry trade fairs and conferences during FFY 2025.</li> <li>Recruit one (1) new VPP site in FFY 2025 and maintain 7 VPP sites. Total is 8 VPP Sites.</li> </ul>
<b>Data Source(s)</b>	OIS, AKOSH annual report and a report from Chief of Consultation and Training
<b>Baseline</b>	7 VPP sites (5-year strategic plan baseline, no annual baseline) in FY 2023

*Performance Strategy Outcomes:*

Qtr	# of New Sites	Number of VPP participants at beginning of FY25: 7
1 <sup>st</sup>	0	
2 <sup>nd</sup>	0	
3 <sup>rd</sup>	-1	Number of VPP participants at end of this report period: 6
4 <sup>th</sup>	0	
<b>Total</b>	<b>-1</b>	

	<b>List of VPP Sites</b>
<b>1</b>	North Slope
<b>2</b>	Alpine Field – Alpine Operations
<b>3</b>	Kuparuk Area – Kuparuk
<b>4</b>	Fairbanks
<b>5</b>	Anchorage
<b>6</b>	Dutch Harbor

**Notes:** One employer – Anchorage self-withdrew- Injury and illness rates above the national average.

<b>Annual Performance Goal # 2.2b</b>	Establish or maintain at least one partnership agreement in construction, healthcare, seafood processing, transportation and warehousing or the public sector over the course of the strategic plan.
<b>Strategy</b>	<ul style="list-style-type: none"> <li>Promote the benefits of the program during enforcement inspections or consultation visits,</li> <li>Target promotional activity towards those businesses most likely to participate.</li> </ul>
<b>Performance Indicator(s)</b>	<ul style="list-style-type: none"> <li>Conduct promotional activities at a minimum of two (2) industry trade fairs and conferences during FFY 2025.</li> <li>Maintain one (1) partnership in FFY 2025.</li> </ul>

<b>Data Source(s)</b>	OIS, AKOSH annual report and a report from Chief of Consultation and Training
<b>Baseline</b>	One (1) partnership agreement in construction in FY 2023
<b>Comment</b>	The goal is to maintain at least one (1) partnership agreement in any of the targeted categories during each year over the 5-year strategic plan period.

*Performance Strategy Outcomes:*

Current number of partnership agreements in FY 2025:

1 – Construction Partnership Agreement: AK CHASE (Construction Health and Safety Excellence program)

List of AK CHASE Program Participants:

*Flag Level – 1 Employer*

*Gold Level – 4 Employers*

*Blue Level – 6 Employers*

**Notes:** AK CHASE gained two new participants: one in October 2024 and another in August 2025. In FY 2025 one Employer achieved CHASE Flag level

**AKOSH Five Year Strategic Goal 3:**

Secure public confidence through excellence in the development and delivery of AKOSH enforcement and consultation and training programs and services.

<b>Annual Performance Goal # 3.1a</b>	Work with OSHA Training Institute, CLEAR, San Francisco Region staff, and other sources to access training for compliance and consultation staff in basic and specialized subjects necessary to effectively carry out the AKOSH strategic and annual goals.
<b>Strategy</b>	<ul style="list-style-type: none"> <li>AKOSH will report quarterly on staff training activities, accomplishments, and anticipated problems in accomplishing the goal.</li> <li>AKOSH will ensure compliance officer core competency training is completed within the required timeframe of three years as outlined in AKOSH PD 16-02.</li> <li>AKOSH will ensure compliance officers that investigate whistleblower complaints complete required training.</li> <li>AKOSH will continue to take advantage of OTI online training as well as other courses that are offered by Federal OSHA, OTI, CLEAR, Coursemill,</li> </ul>

<b>Performance Indicator(s)</b>	<ul style="list-style-type: none"> <li>Identification of required training courses for compliance and consultation staff in accordance with OSHA Instruction TED 01-00-019 as amended by AKOSH PD 16-02 and the AKOSH Training Plan,</li> <li>Identification of required training courses for investigators of whistleblower complaints,</li> <li>Timely completion of required courses by compliance and consultation staff,</li> <li>Number of staff trained who had been on board with AKOSH for at least 3 years and who had completed all required courses in a timely manner,</li> <li>Staff attendance at professional development courses, seminars, and conferences.</li> </ul>
<b>Data Source(s)</b>	AKOSH annual report and reports from Chief of Consultation and Training, Training Coordinator and Chief of Enforcement.
<b>Baseline</b>	<p>At the end of FFY 2022 AKOSH had five (5) safety and health compliance officers in enforcement who were on board with AKOSH for at least three (3) years and who had completed all required initial training courses in accordance with PD 16-02.</p> <p>AKOSH had four (4) safety and health compliance officers with Whistleblower Investigation Fundamentals class.</p>

<b>Annual Performance Goal # 3.1b</b>	Conduct quarterly self-audits of enforcement and consultation files to evaluate the effectiveness and consistency of services.
<b>Strategy</b>	<ul style="list-style-type: none"> <li>AKOSH will strive to maintain adequate and accurate inspection/investigation case files.</li> <li>Problems with files will be corrected and staff will be trained to avoid future issues.</li> <li>Regular audits will be completed by CSHOs, supervisors and administrative support before reports and citations are sent and/or issued to the employers and before case files are closed to ensure all the appropriate documentation is according to appropriate directives and regulations, and case files are organized and properly maintained.</li> </ul>
<b>Performance Indicator(s)</b>	<ul style="list-style-type: none"> <li>100% of inspections and investigation case files will be reviewed.</li> <li>100% of consultation visit files will be reviewed.</li> <li>Issues identified in annual reviews conducted by OSHA will be addressed in a reasonable time and manner.</li> </ul>
<b>Data Source(s)</b>	Reports from Federal OSHA and internal quarterly self-audits.

<b>Baseline</b>	<p>In Enforcement: the Program Analyst and Chief of Enforcement review every case file once it has been turned in for review by the inspecting officer. Enforcement will utilize the State Internal Evaluation Program (SIEP) on an annual basis.</p> <p>In Consultation and Training for public sector files: formal quarterly audits are established and provided by the Chief of Consultation and Training to audit all VPP files and at least 10% of total case files and visits.</p> <p>In Consultation and Training for private sector files: CPM will review 20% of the consultants' case files.</p>
-----------------	---

**Comments:** Consultation and Training Assistant Chief conducted 37 case file reviews during the 1st quarter, 37 in 2nd quarter, 69 in 3rd quarter, and 70 in 4th quarter.

### III. 23(g) Program Activities – Total Inspections: Projected vs. Actual

#### Data Table III

##### FY 2025 PLANNED

##### FY 2025 ACTUAL

	Projected		# Inspections		% of Annual Goal	
	Safety	Health	Safety	Health	Safety	Health
<b>Private Sector Inspections</b>	189	120	163	86	88%	69%
Overall Totals	<b>309</b>		<b>249</b>		<b>81%</b>	

##### FY 2025 PLANNED

##### FY 2025 ACTUAL

	Projected		# Inspections		% of Annual Goal	
	Safety	Health	Safety	Health	Safety	Health
<b>Public Sector Inspections</b>	8	8	13	16	163%	200%
Overall Totals	<b>16</b>		<b>29</b>		<b>181%</b>	

**Comments:** AKOSH enforcement did not meet its FY25 annual goal for enforcement inspections in private and public sectors due to staffing levels stemming from the State of Alaska's imposed hiring freeze.

**IV. 23(g) and 21(d) Program Activities – Total Consultation Visits:  
Projected vs. Actual**

**Data Table IV      Consultation Program Activities 21(d) – Projected vs. Actual**

<u>FY 2025 PLANNED</u>			<u>FY 2025 ACTUAL</u>			
<b>Private Sector Visits</b>	Projected**		# Visits		% of Annual Goal	
	Safety	Health	Safety	Health	Safety	Health
Construction	115		107		93%	
Healthcare	35		140		400%	
Seafood	12		23		191%	
Transportation & Warehousing	22		14		64%	
Other than Above	61		104		170%	
<b>Total</b>	<b>180</b>	<b>65</b>	<b>251</b>	<b>137</b>	<b>139%</b>	<b>210%</b>
Overall Totals	245		388		158%	

**Consultation Program Activities 23(g) – Projected vs. Actual**

<u>FY 2025 PLANNED</u>			<u>FY 2025 ACTUAL</u>			
<b>Public Sector Visits</b>	Projected**		# Visits		% of Annual Goal	
	Safety	Health	Safety	Health	Safety	Health
Health Care	5		8		160%	
Transportation & Warehousing	2		5		250%	
Other than above	48		35		73%	
<b>Total</b>	<b>40</b>	<b>15</b>	<b>26</b>	<b>22</b>	<b>65%</b>	<b>146%</b>
Overall Totals	55		48		87%	

**Note:** \*\* - These projections are annual

**Comments:** Although C&T did not meet its annual goal for consultative and training visits in the public sector, it surpassed its goal in the private sector, resulting in an overall achievement that exceeded the total visits target.

## V. Consultation Emphasis Program Activities for 21(d) – Projected vs. Actual

**Data Table V**

Activities and Areas of Emphasis		Total Projected*	Total Actual
<b>Emphasis Safety &amp; Health Hazards</b>	Fall Prevention	50	229
	Manufacturing Amputations	15	74
	Respirable Crystalline Silica	25	80
<b>SHARP and Pre-SHARP (21d)**</b>	SHARP sites at the beginning of FFY 2025	14	14
	New SHARP sites	2	2
	SHARP renewals	7	6
	SHARP sites at the end of FFY 2025	16	14
	Pre-SHARP sites in FFY 2025	2	0
<b>Compliance Assistance Activities**</b>		200	249

**Notes:** \* Projections are annual

\*\* Activities are not associated with a consultation and training visit; these activities consist of doing outreach, attending conferences, providing telephonic information, researching information for employers, guest speaking, writing articles.

**Comments:** In FY 2025, 2 (two) existing SHARP sites were removed: one due to elevated injury and illnesses and the other due to the business location closing. Two (2) new SHARP site were approved in the program, and six (6) sites were renewed in SHARP, bringing the total number of SHARP sites to 14.

---

## VI. SIGNIFICANT ACTIVITIES

### **AKOSH Enforcement:**

#### **1<sup>st</sup> quarter's significant activities and achievements:**

- In October 2024, AKOSH Enforcement purchased an OSMO Pocket 3 Camera to begin making videos for an OSHSPA invitation video, promotional videos for consultation, and other educational videos for employer outreach.
- In October 2024, 2 Enforcement CSHOs provided a presentation to the Department of Health at their request. They presented case studies and the adverse health effects of crystalline silica and explained our air sampling process as well.
- In October 2024, Enforcement staff attended a joint meeting with C&T regarding Compliance Directives, the new Emergency Response Standard, voluntary compliance programs with C&T, and their relationship to Enforcement activity.
- Assistant Chief of Enforcement and a CSHO received their years of service pins and certificates which were 5 and 10 years at the end of October 2024.
- October 23, 2024, AKOSH implemented OSHA's CPL 02-00-171, Communicating OSHA Fatality Inspection Procedures to a Fallen Worker's Family. (See AKOSH PD 24-10 for more information)
- On October 31, 2024, Assistant Chief of Enforcement and a consultant gave a presentation at Alaska Pacific University, A Day in The Life of an AKOSH Officer.
- In November 2024, the new Deputy Municipal Manager for the Municipality of Anchorage reached out to the Chief of Enforcement to request a meet-and-greet for the following week.
- On November 27, 2024, Chief of Enforcement had a meeting with Assistant Municipal Manager for the Municipality of Anchorage. The Assistant Municipal Manager was requesting periodic meetings with AKOSH for them to discuss the improvements they are trying to be removed from the Severe Violator Enforcement Program in the future.

#### **2<sup>nd</sup> quarter**

- During the beginning of January 2025, Chief of Enforcement attended Fiscal Note Training.
- In January AKOSH issued a red tag to an employer in Ketchikan, AK due to the city's Building Inspector's report of structural instability. After being informed the facility contains approximately 47,000 lbs. of ammonia, agencies worked together to ensure the safety of the facilities employees and the city of Ketchikan while attempting to coordinate efforts to reduce the impact of these actions on the employer.
- In January the Assistant Chief of Enforcement traveled to Fairbanks to further the CSHO's training in preparation for releasing him to conduct inspections independently.
- In January, AKOSH Enforcement received phone calls from employers about OSHA's Injury Tracking application. AKOSH directed the callers to the website and our Program Directive, which provided clear guidance.
- AKOSH adjusted penalties effective February 1, 2025. Details are under PD 25-01
- In February, two Industrial Hygienists conducted a PSM inspection and received assistance from OSHA's Salt Lake Technical Center PSM Leads using the IRIS helmet camera system and live feed. PSM Lead(s) and field CSHOs based in Anchorage communicated via live feed and stream. This system also allowed other Health CSHOs based in Anchorage to observe/participate in the inspection process and gain experience.

- On February 3, 2025, AKOSH's Whistleblower Investigations Manual was implemented and posted in SPA. (See AKOSH PD 25-02 for more information)
- In February, one of AKOSH's Safety Officers received a Letter of Appreciation from USAF for guest speaking at an OSHA 30 General Industry class held on base.
- AKOSH received 9 videos for the AKGSHC AV Competition from 3 schools.

Enforcement Diversionary Program. The program received strong interest, particularly in how it is being developed and how communication and confidentiality are managed.

- September 29<sup>th</sup>, C&T Received the finished advertisement for 2026 AV Student Video Competition

---

## VII. Attachment 1

### TRAINING PLAN TO SATISFY GOALS 2.1a , 2.1b, 2.1c, 2.1d and 2.1.e.

The goal is to promote safety and health programs as they relate to preventing injuries, illnesses and fatalities in the construction, healthcare, seafood processing, transportation and warehousing industries and public sector.

AKOSH set into place several strategies to address the training needs of workers involved in the construction and seafood industries to prevent “struck by”, “falls”, “crystalline silica”, “caught in or between” and “pinch point” (possible amputation) injuries, in the healthcare industry to prevent “slips, trips, and falls”, “overexertion and bodily reaction”, “contact with objects” and “workplace violence” incidents, and in transportation and warehousing to prevent “struck by”, “slips, trips, and falls”, and “falling objects” incidents..

- A. AKOSH will continue to integrate its consultation and training efforts with its enforcement efforts to focus on high hazard industries and workplaces. To address particular hazards and issues that cause accidents or represent recognized threats to worker safety and health, AKOSH will continue to promote industry-specific hazard control systems, safety and health program management involvements.
- B. Training courses, as requested, providing employers, employees and the general public with training and train-the-trainer programs to assist in preventing “struck by”, “falls”, “crystalline silica”, trenching, “caught in or between” and “pinch point” (possible amputation) injuries and fatalities in the construction and seafood processing industries, “slips, trips, and falls”, “overexertion and bodily reaction”, “contact with objects”, “COVID-19” and “workplace violence” in the healthcare industry, “struck by”, “slips, trips, and falls”, and “falling objects” in transportation and warehousing industry.
- C. AKOSH will present two 10-hour training sessions to assist in preventing “struck by”, “falls”, “caught in or between” and “pinch point” (possible amputation) injuries and fatalities in the construction and seafood processing industries, “slips, trips, and falls”, “overexertion and bodily reaction”, “contact with objects” and “workplace violence” in the healthcare industry, and “struck by”, “slips, trips, and falls”, and “falling objects” in transportation and warehousing industry.
- D. The Consultation and Training OHS Analyst will be responsible to ensure all consultants and trainers receive proper training on prevention strategies involved with preventing “struck by”, “falls”, “caught in or between” and “pinch point” (possible amputation) injuries and fatalities in the construction and seafood processing industries, “slips, trips, and falls”, “overexertion and bodily reaction”, “contact with objects” and “workplace violence” in the healthcare industry, and “struck by”, “slips, trips, and falls”, and “falling objects” in transportation and warehousing industry.
- E. AKOSH will work with associations, employers, and other groups in promoting AKOSH Consultation and Training services.
- F. Consultation and Training will provide promotional activities to include any combination of training, brochure distribution, community outreach, partnerships, and attending safety conferences and conducting safety presentations.

- G. The Consultation and Training OHS Analyst will provide the Chief of Consultation and Training with a monthly report on the number of formal training events conducted and number of attendees.
- H. The Chief of Consultation and Training will interface with Federal OSHA Training Institute, San Francisco Region, and other States and entities in obtaining training materials and programs to promote the reduction of injuries and fatalities in the construction, healthcare, seafood processing and transportation and warehousing industries.
