AKOSH Program Directive 03-08

Date: September 25, 2003
To: Distribution List
From: Grey R. Mitchell, Director
Subject: **AKOSH Construction Worksite Targeting Procedures Plan**

This Program Directive, PD 03-08, implements the AK-OSH Construction Worksite Targeting Procedures Plan that develops a construction targeting plan. This plan utilizes an industry organization periodical of upcoming and ongoing projects statewide and the High Hazards List. This plan will generate a schedule of inspections representative of Alaska's construction projects both geographically and industry wide.

The CPL's and instructions referred to in this plan are:

- CPL 2.103, Field Inspection Reference Manual (FIRM)
- AKOSH PD 01-14 – Adoption of STD 3.1 Interim Fall Protection Compliance Guidelines for Residential Construction
- FY 2001 Alaska FAME Report
- FY 2002 Alaska FAME Report

This new directive cancels or supercedes the following AK-OSH Program Directives:

- PD 01-10 [April 3, 2001] (which superceded PD 94.5) Focused Inspections in Construction
- PD 89-2 [August, 1988] Scheduling System for Programmed Construction Inspections

This program directive becomes effective immediately. Please ensure that all members of your staff receive this program directive, and understand how to implement it.
