Annual Reports of Insurance Distributions

Alaska Statute 23.30.155(m) requires that each insurer or adjuster file a report providing all compensation activity for the previous year annually with the Alaska Workers' Compensation Board. **The report is due on or before March 1st.** Each insurer or adjuster **must also submit the following assessments and fees.**

Assessments and Fees

Together with the annual report, each insurer or the insurer's claims adjuster (Not Both), uninsured employer, or self insured employer must submit payment of their Second Injury Fund (SIF) contribution and their Workers' Safety and Compensation Administration Account (WSCAA) fees.

Second Injury Fund Contribution

1. The Second Injury Fund (SIF) contribution is due at the time of the annual report filing, **which is on or before March 1st.** **Do not submit SIF contributions with termination reports during the year.**
2. SIF contributions are assessed against *each claim, based on the year of the injury and the SIF contribution rate in effect at that time* (see **Table 1**). The coming year's contribution rate is announced via bulletin each December, see <http://www.labor.state.ak.us/wc/bulletins.htm>.
3. SIF contributions are paid on **ALL** claims, irrespective of whether SIF reimbursement is currently being received on the claim. No SIF payment should be submitted for a claim where the SIF assessed amount due is \$20.00 or less.

Workers' Safety and Compensation Administration Account Fee (WSCAA)

1. Insurance companies, self-insured employers and uninsured employers are required to pay a service fee for state administration of workers' compensation (AS 23.05.067).
2. **Insurance companies:** service fee is included in the annual premium tax assessment under AS 21.09.210. There are no additional filing requirements with the Division of Workers' Compensation. The Alaska Division of Insurance will process the fee transfer.
3. **Self-Insured Employers** under AS 23.30.090: must submit a service fee with their annual report, **on or before March 1st.** The amount of the service fee is a percentage of the total payments reported on the annual report, excluding the amount of the SIF contribution. The contribution rate for calendar year 2014, due March 1, 2015 is 2.90% (see **Table 2**).
4. **Uninsured Employers:** must submit a service fee with their annual report, **on or before March 1st.** The amount of the service fee is a percentage of the total payments reported on the annual report, excluding the amount of the SIF contribution. The contribution rate for calendar year 2014, due March 1, 2015 is 2.90% (see **Table 2**).

Annual Penalty Assessment Reports

Upon completion of the annual report data review, the Workers’ Compensation Division will return a preliminary annual report penalty assessment. **The insurer or adjuster, uninsured employer or self-insured employer has 30 days to submit corrections to the original annual report filing. After 30 days, all penalties are final.** Final penalty assessments may be appealed by petition to the Alaska Workers’ Compensation Board.

The Penalty report will include:

1. An assessment for unpaid SIF contributions.
2. An assessment for unpaid Workers’ Safety and Compensation fees.
3. SIF penalties for late compensation report filing, pursuant to AS 23.30.155(c).
4. Waiver of 155(c) penalties pursuant to AS 23.30.155(m). Waiver penalties are based on total late payments for reporting year / total all payments for reporting year (p. 82, Legislative Audit Report, No. 07-4601-00, October 31, 1999).
5. Civil penalties for late report filing pursuant to AS 23.30.155(m).
6. Error listing and civil penalty for incomplete and inaccurate report, pursuant to AS 23.30.155(m) and 8 AAC 45.136.
7. **Penalties will be assessed for late filed compensation reports filed after January 1, 2015, due March 1, 2016.**

PAYMENTS:

Second Injury Fund and Workers Safety and Compensation Administration Account assessments are due by March 1. Please make checks payable to the Second Injury Fund.

Send payments to the Department of Labor, Second Injury Fund

Mailing Address	Physical Address
PO Box 115512 Juneau, AK 99811-5512	1111 W. 8 th Street, Ste. 305 Juneau, AK 99801

A check payable to the Second Injury Fund **must be submitted on or before March 1st**. Interest and penalties will be applied to filings and/or payments received after March 1st. The amount of the SIF payment must equal the total of the “SIF Contribution” column from the annual report. **A single aggregate check must be sent for each insurer’s report, rather than a separate check for each claimant.** If payment being submitted does not match the annual report’s SIF total, a breakdown must be included with the payment listing each claimant’s name, the AWCBS#, and the SIF assessment.

ANNUAL REPORT FILING REQUIREMENTS

An annual report must be submitted for each insurance company that incurred workers' compensation claims expenses in the reporting year. The report may be submitted by either the insurer or the insurer's claims adjuster, **but not both**.

Electronic Data Interchange (EDI) Trading Partner

The SROI AN (Annual) is due annually beginning January 1 through March 1 for all claims having compensation payments in the previous calendar year. Refer to the Alaska Department of Labor and Workforce Development (ADOL) Event Table and this bulletin for additional information.

Please note that ADOL expects that **only one** SROI AN (Transaction Set ID A49) be reported during this timeframe. ADOL is receiving multiple SROI AN's for various claims. Since ADOL is expecting only one SROI AN annually, ADOL is implementing an edit to notify the Trading Partner(s), that only one SROI AN is allowed, via a transaction rejected acknowledgment. In addition, ADOL will accept a SROI AN after March 1, however the SROI AN will be considered a **late** filing. The ADOL will only accept one SROI AN annually.

Please refer to ADOL's Element Requirement Table for data element requirements on the SROI AN. MTC AN expected on:

- Open claims, if the claim is open at the time of Report Trigger value
- Closed claims, if the claim has closed since the last annual periodic report
- Open claims with and/or without benefit or other benefit activity in the previous year
- Claims closed with and/or without any benefit or other benefit activity in the previous year
- The above expectations apply to legacy claims (claims where the date Claim Administrator had knowledge of injury prior to 7/22/13. An accepted FROI-UR must be filed prior to submission of SROI AN)
- ADOL expects AN filed on any SROI requiring a payment of benefits and/or a payment of other benefit (ex. AP, IP, PY, RB, FN)

For more information, please contact the ADOL EDI Support Team at dol.workerscomp.edi@alaska.gov or visit www.adoledi.info.

Frequently Asked Questions (FAQ's)

Will this replace the 2014 SIF Contribution report?

Answer: Yes, the SROI AN replaces the filing requirement from the 2013 Annual Report, Paying SIF Contributions and Paying Workers' Safety and Compensation Fees (ADOL bulletin No. 13-09) for trading partners that file reports via EDI reporting only.

Will ADOL accept SROI AN on legacy claims?

Answer: Yes, however the UR FROI must be filed prior to SROI AN submission to report any on-going payments.

Who reports if trading partner status changed in 2014 from Paper to Electronic and vice-versa?

Answer: Paper filer trading partner that submitted claims to ADOL, follow Paper Filer Trading Partner requirements. For claims submitted by EDI trading partner follow EDI trading partner requirements. **It is possible that a partner may have both types of submissions to the division.**

Will the Division calculate the SIF contribution or WSCAA due?

Answer: No, Insurer/Claims Adjuster should calculate SIF Contribution due or WSCAA assessments; however, the Division will audit reports and assess unpaid SIF/WSCAA, and penalties, if applicable. Alaska Trading Partners that submit their ROIs via EDI are required to submit a SROI AN. As a workaround to calculating your SIF payment, you may use the Paper Filer Annual Report Record layout excel spreadsheet (see the top of page 6) for that calculation.

Where do we mail the SIF or WSCAA payment?

Answer: see payment section on page 3.

Paper Filer Trading Partner

Paper filers must follow filing requirements for annual reports, as follows:

Reports must be submitted electronically on disk or via email using the Paper Filer Trading Partner Record layout format; hard-copy paper reports are not accepted. Single file submissions for an entire insurance group will not be accepted. Report submission format is described below, *reports received that are not in the described format will not be accepted and returned, and if applicable, late filing penalties may be applied to resubmission.*

- **Submit electronically only. Acceptable methods of transmissions are:**
 - Data on CD ROM disc, acceptable formats: excel spreadsheet (see record layout, only accept excel version 2007 and above) or a delimited text file
 - Attached document in e-mail file. Acceptable formats: excel spreadsheet or a delimited text file
 - Multiple files maybe submitted in a single email or CD. **Single file submission for an entire insurance group will not be accepted.**
- **Submissions by hard-copy paper or by electronic means other than listed above will be returned.**
- A separate annual report file must be submitted for each insurance company. The remitter must identify each file submission by name of insurance company and the insurance company's NAIC number.
- Each submission must clearly state:
 1. Person responsible for annual report filing
 2. Remitter's phone number, e-mail address and mailing address.
 3. This information must be on a label adhered to each floppy disk, CD ROM or set out in the body of the e-mail filing.
 4. DO NOT file by out of state TPA name or by business account.
- Report **ALL payments** made with payment dates during the 2014 calendar year, regardless of the 'from and through dates'; whether made by the employer, the insurer, or the adjuster (including overpayments and employer wage continuations).
- **The file must be in the same data sequence as indicated in the enclosed record layout.**
- An extract of injury reports received by the Division during the 2014 calendar year is available upon request.
- **Submit annual reports to:**

PAPER FILER TRADING PARTNER ANNUAL REPORT – RECORD LAYOUT FORMAT

The Annual Report Record Layout spreadsheet may be downloaded from:

<http://www.labor.alaska.gov/wc/er-profit.html>, go to Forms, under Quick Links, select Form 07-6115.

Record Layout:

A1: Paper filer trading partner name

A2: Paper filer trading partner FEIN

Line 6 is the first claimant record, followed by line 7 (A7, B7, C7 etc...)

Data Format Overview:

The records contain data elements as presented on the Record Layout below; each data element has a defined data format and an assigned position in the record. Prior to population of the data element in the specific positions in the record, the position(s) where the data element will be placed is defined as spaces to indicate absence of data or no population of data in the field. The data format becomes applicable only when the data element is populated in the record.

Each field, if populated, should be populated based on the data element's data format. If a field is not populated, then it will be passed as spaces to retain data positioning for all data elements.

Spaces indicate absence of data for every field in a record.

- **Dates:** Type = DATE: mm/dd/yyyy
- **Monetary Amounts:** Type = \$9.2
 - ◆ Monetary Amount fields should not be 'defaulted' to zeros; they should be populated with zero only if it is the actual value of the data element.
 - ◆ Valid entries consist of eleven numeric digits with the **dollar sign assumed and the decimal point between the ninth and tenth position assumed**. Negative amounts or default of zeros in a monetary amount field are not valid. Spaces indicate absence of data.
 - ◆ Example: 5000 = 50.00 and 50 = 00.50 (fifty cents)
- **Numeric:** Type = N
 - ◆ Numeric fields should not be 'defaulted' to zeros; they should be populated with zero only if it is the actual value of the data element.
 - ◆ Data elements that are assigned the format of N should be populated with only valid numeric characters. Valid values consist of 0 – 9 and are right justified zero filled to the left. Default of zeros in a numeric field is not valid. Spaces indicate absence of data.
 - ◆ Example: 3 numeric '123' in 6 byte field = 000123
- **Alphanumeric:** Type = A/N
 - ◆ Data elements that are assigned the format of A/N consist of a sequence of any characters from common character code schemes of EBCDIC, ASCII, and CCITT International Alphabet 5. When using an alphanumeric field, the significant characters are always left justified in the field with any remaining space in the field padded with spaces. Left justified implies that the data must start in the first position of the field. Spaces indicate absence of data. Alphanumeric character set includes those selected from the uppercase letters, lower case letters, numeric digits, space character, and special characters as follows: A...Z, a...z, 0...9, < . > / ? ; : ' " [{] } \ | ` ~ ! @ # \$ % ^ & * () - _ = + (space). Use of any special characters as record delimiters is subject to the trading partner agreement identifying delimiters. Use of any of the alphanumeric characters is permitted in data elements with the alphanumeric data type unless otherwise indicated in a Data Population Rule.
